Our service area includes the following county in California: Yolo.

The Health Net Healthy Heart (HMO) plan gives you access to our network of highly skilled medical providers in your area. You can look forward to choosing a primary care provider (PCP) to work with you and coordinate your care. You can ask for a current provider and pharmacy directory or, for an up-to-date list of network providers, visit ca.healthnetadvantage.com. (Please note that, except for emergency care, urgently needed care when you are out of the network, out-of-area dialysis services, and cases in which our plan authorizes use of out-of-network providers, if you obtain medical care from out-of-plan providers, neither Medicare nor Health Net Healthy Heart (HMO) will be responsible for the costs.)

This Health Net Healthy Heart (HMO) plan also includes Part D coverage, which provides you with the ease of having both your medical and prescription drug needs coordinated through a single convenient source.

Deductible Stage	This plan does not have a Part D deductible.		
Initial Coverage Stage (after you pay your Part D deductible, if applicable)	After you have met your deductible (if applicable), the plan pays its share of the cost of your drugs and you pay your share of the cost. You generally stay in this stage until the amount of your year-to-date “total drug costs” reaches \$4,130. “Total drug costs” is the total of all payments made for your covered Part D drugs. It includes what the plan pays and what you pay. Once your “total drug costs” reach \$4,130 you move to the next payment stage (Coverage Gap Stage).		
	Preferred Retail Rx 30-day supply	Standard Retail Rx 30-day supply	Mail Order Rx 90-day supply
Tier 1: Preferred Generic Drugs	\$7 copay	\$12 copay	\$14 copay
Tier 2: Generic Drugs	\$10 copay	\$19 copay	\$20 copay
Tier 3: Preferred Brand Drugs	\$42 copay	\$47 copay	\$116 copay
Tier 4: Non-Preferred Drugs	\$95 copay	\$100 copay	\$275 copay

Tier 6: Select Care Drugs	\$0 copay	\$0 copay	\$0 copay
Coverage Gap Stage	<p>During this payment stage, you receive a 70% manufacturer’s discount on covered brand name drugs and the plan will cover another 5%, so you will pay 25% of the negotiated price and a portion of the dispensing fee on brand-name drugs. In addition the plan will pay 75% and you pay 25% for generic drugs. (The amount paid by the plan does not count towards your out-of-pocket costs).</p> <p>You generally stay in this stage until the amount of your year-to-date “out-of-pocket costs” reaches \$6,550. “Out of pocket costs” includes what you pay when you fill or refill a prescription for a covered Part D drug and payments made for your drugs by any of the following programs or organizations: “Extra Help” from Medicare; Medicare’s Coverage Gap Discount Program; Indian Health Service; AIDS drug assistance programs; most charities; and most State Pharmaceutical Assistance Programs (SPAPs). Once your “out-of-pocket costs” reach \$6,550, you move to the next payment stage (Catastrophic Coverage Stage).</p>		
Catastrophic Coverage Stage	During this payment stage, the plan pays most of the cost for your covered drugs. For each prescription, you pay whichever of these is greater: a payment equal to 5% coinsurance of the drug, or a copayment (\$3.70 for a generic drug or a drug that is treated like a generic, \$9.20 for all other drugs).		

Part D Prescription Drugs
